

# Helping 70+ startups with design. **Fast.**

## **How fast is Go Time?**

**Extremely fast.** It takes less than 1 day to get started. The first designs are delivered in 4 days. After that, designs are delivered in 2-4 days. What usually takes months takes weeks.

## **How much does Go Time cost?**

**Less than it should.** Seasoned product designers are paid \$144k per year. After benefits, taxes, and all the rest, you're saving \$8,782 per month, plus you're getting everything designed faster.

## **What does Go Time design?**

**Everything.** We are comprised of highly skilled generalists. From brand identity to marketing collateral to website design to Webflow build to product design, we design it all.

## **What's the catch?**

**There is none.** Best of all, there are 2 ways of working together. Either a monthly subscription which is a flat rate. Or, what's called Design On-Demand which are fixed rate projects as needed.

## **How do I start?**

**Introduce yourself.** There is no pressure and no obligation when you get on a call. More than anything, we want help you—whether we work together or not.
